ot m to this time scanning was pretty fast and smo to the last one. Oh, and this is my second scanlation :D
I'll co scanning Hyakko volume 2, but I'll probably stop right I finish, since there's another group that's doing the newest chapters.. Unless they drop it, that is.

Also, de-texting the background of this page took forever, _; I just couldn't let the chance of Torako with glasses slip by :D

Much thanks to c_k for letting me use her RAWs. ^ ^
Wouldn't be here without them.

Thanks for reading my release, and I hope you enjoyed it! - muge
